PREAMBLE

It is the intent and purpose of this Agreement to assure sound and mutually beneficial working and economic relationships between the parties hereto, to provide an orderly means of resolving any misunderstandings or differences which may arise, and to set forth herein basic and full agreements between the parties concerning wages, hours of employment, and other terms and conditions of employment. - 2.2 The City has the exclusive right to schedule overtime work as required in the manner most advantageous to the City, consistent with the applicable provisions of this Agreement.
- 2.3 The CFPBA recognizes the exclusive right of the Chief to establish departmental rules and procedure. However, in all cases where practical, major changes in departmental rules and procedures will be supplied to officials of the CFPBA for comments and suggestions prior to implementation.
- 2.4 A police officer's probationary period shall be for a period of two hundred and seventy-five (275) work days from the first day of a full time status. This period is equivalent to approximately eighteen (18) months. For the purpose of this article, leave days of any type will not be considered a workday. The probationary employee can be disciplined or discharged at any time without cause.

ARTICLE 3 - REPRESENTATIVES OF THE CFPBA

The CFPBA shall be represented by its local officials as designated in writing to the City. In any matter between the City and the CFPBA an alternate may be selected from the CFPBA with a letter of authorization from the trustees.

ARTICLE 4 - REPRESENTATIVES OF THE CITY

The City shall be represented by its city manager or his designees, whose name shall be submitted to the CFPBA representatives.

ARTICLE 5 - NO DISCRIMINATION AND VETERAN PROTECTION

- 5.1 No employee covered by this Agreement will be discriminated against because of age, race, color, creed, religion, sex, national origin, membership or non-membership in the CFPBA, marital status or physical handicap. All references in this Agreement to employees of the male gender are used for convenience only and shall be construed to include both male and female employees.
- 5.2 All requirements of applicable statutes and rules concerning veteran preferences and protections under Florida and Federal law are incorporated into this collective bargaining agreement by reference and are superior to any conflicting provision of this collective bargaining agreement.

ARTICLE 6 - GRIEVANCE PROCEDURE

In order to provide for harmonious working relationships between the parties and to provide the expeditious resolution of misunderstandings or grievances, the parties agree to the following procedure. Both parties agree to encourage the informal resolution of workplace issues. A grievance shall be defined as any dispute that a member of the bargaining unit or the CFPBA may have arising out of the interpretation or application of this Agreement. The times indicated on all steps may be extended by mutual written agreement, but both parties agree to resolve grievances or move the process forward without undue delay. During each step of the grievance procedure the effected employee (grievant) may have a CFPBA representative present or if not a member of the CFPBA a representative of his choice.

Step 1: The grievant shall discuss the issue with the appropriate bureau commander within the chain of command ten (10) business days of the occurrence giving rise to the potential grievance. The bureau commander shall attempt to resolve the issue within ten (10) business days of the discussion.

Step 2: If the issue has not been satisfactorily resolved, the employee, or the CFPBA representative, shall present a formal grievance in writing to the Chief of Police within ten (10) business days of the receipt of the bureau commander's response as set forth in Step 1. The Chief shall meet with the employee and his CFPBA representative within ten (10) business days of receiving the grievance. The Chief will respond, in writing, within ten (10) business days of his meeting with the grievant and/or their CFPBA representative.

Step 3: If the grievance is not satisfactorily resolved in Step 2, the employee and/or their CFPBA representative shall present the written grievance, along with the written responses issued in Step 2, to the City Manager, within ten (10) business days of his receipt of the response due in Step 2. The City Manager shall meet with the employee and/or their CFPBA representative within ten (10) business days of receiving the grievance. The City Manager will respond in writing to the employee and the CFPBA within ten (10) business days from the date of the meeting with the grievant and/or their CFPBA representative.

Step 4: If the grievance has not been satisfactorily resolved in Step 3, the CFPBA may request that the grievance be submitted to an impartial Arbitrator for his final and binding decision. Within thirty (30) calendar days from the receipt of the City Manager's response in Step 3, only the CFPBA may request of the City, that an Arbitrator be mutually selected. The parties shall request a list of five (5) Arbitrators to be submitted by the Federal Mediation Conciliation Service and shall attempt to agree on one Arbitrator. Within fifteen (15) days of receiving the list of Arbitrators, the Arbitrator shall be selected. If no agreement is reached, the Arbitrator shall be selected by the CFPBA striking a name from the list with the City striking next, until only one name remains. Arbitration should commence within ninety (90) days or within a reasonable time of the selection of the Arbitrator. The Arbitrator shall stay

within the scope and terms of this Agreement. He/she shall have no authority to change, amend, add to, subtract from or otherwise alter or supplement this Agreement or any Amendment thereto, nor shall he have the authority to supersede any applicable laws in resolving the grievance. The losing party shall bear the expense of the Arbitrator, with each party bearing the expense of its own representatives. The party requesting a transcript of the hearing will bear the cost of the transcription. Copies of the Arbitration award shall be furnished to both parties within thirty (30) days of the hearing and the award shall be final and binding on both parties.

Parties agree to oral closing arguments in lieu of written briefs.

Rules of Grievance Processing

It is agreed:

- (a) A grievance must be brought forward as soon as it might reasonably have become known to exist, not to exceed the ten (10) business day notification period as outlined in Step 1 of the grievance procedure.
- (b) Time limits at any stage of the grievance procedure may be extended by written mutual agreement of the parties involved in that Step.
- (c) A grievance presented at Step 2 and above shall be dated and signed by either the aggrieved employee or the CFPBA representative presenting it. A decision rendered shall be written to the aggrieved employee and the CFPBA representative and shall be dated and signed by the City representative at that Step.
- (d) When a written grievance is presented, the City representative shall acknowledge receipt of it and the date thereof in writing.
- (e) A grievance not advanced to the higher Step within the time limit provided shall be deemed permanently withdrawn and as having been settled on the basis of the decision most recently given. Failure on the part of the City representative to answer within the time limit set forth in any Step will entitle the employee to proceed to the next Step.
- (f) When a grievance is reduced to writing it shall be set forth in the space provided on the approved grievance form. A copy of the form is attached as Appendix A.
- (g) In settlement of any grievance resulting in retroactive adjustment, such adjustment shall be limited to the effective date of signing of the Agreement.
- (h) A class action grievance may be filed on behalf of two (2) or more members by the CFPBA and shall follow the procedures as set forth in this Article.

ARTICLE 7 - UNION SECURITY

- 7.1 The CFPBA unit representative, or in his absence, his designee, who shall be a member of the CFPBA, shall be granted time off by his supervisor or his designee to conduct CFPBA business that concerns the City which can only be conducted during working hours, provided a written request is submitted prior to the time off period and such absence would not unduly hamper the operations of where such officer is employed. In emergencies, the request may be submitted orally and later confirmed in writing.
- 7.2 Any time during the fiscal year a bargaining unit member may voluntarily donate no less than two (2) hours nor more than twenty-four (24) hours of leave time to a Time Pool to be used by city employees designated by CFPBA for union business and designated union activities such as negotiation of Union Contracts, grievance handling, attendance at union functions, seminars, conferences, symposia, required meetings including city and county, but not to include political events which might create the perception of endorsement of a political candidate.
- 7.3 A representative of the union desiring to be away from work on official Union business shall submit a Time Bank request at least five (5) days prior to the date of such meeting to the employee's immediate supervisor and such request shall not be unreasonably denied. In the event there is insufficient time to provide the five (5) day notice because of an unknown situation such as attend a grievance or pending meeting then the representative will make every reasonable effort to notify his/her supervisor as soon as they are made aware of that required attendance.
- 7.4 Donations of Time shall be authorized by the employee and receipt of such donation shall be noted back to the employee and the Chief of Police by the Human Resources Department. An accurate record of Time Pool hours accumulated and used shall be kept by both the Human Resources Department and Union.

ARTICLE 8, DUES DEDUCTION

Upon receipt of a written authorization from an employee covered by this Agreement, the City agrees to deduct dues and assessments in an amount certified by the CFPBA from the pay of the employee so authorizing. The City will remit to the CFPBA such sums within ten (10) days. Changes in the membership dues or assessment rates will be certified to the City in writing over the signature of the President of the CFPBA and shall be furnished to the City at least thirty (30) days in advance of the effective date of such change. The City's remittance will be deemed correct if the CFPBA does not give written notice to the City within two (2) calendar weeks after a remittance is received of its belief that the remittance is incorrect, with reason(s) stated thereof.

ARTICLE 9 - DISCIPLINE

- 9.1 Discipline and Appeals: The City reserves the right to discipline its non-probationary employees for just cause including suspension, demotion or dismissal.
- 9.2 Rights of Law Enforcement Officers While under Investigation: Whenever a Police Officer is under investigation and subject to interrogation by members of his or her agency for any reason which could lead to disciplinary action, demotion or dismissal, Florida Statutes 112.531-112.534 apply; and such interrogation shall be conducted under the following conditions:
- (a) The interrogation or interview shall be conducted at a reasonable hour, preferably at a time when the law enforcement officer is on duty, unless the seriousness of the investigation is of such a degree that an immediate action is required.
 - (b) The interrogation or interview shall take place either at the office of Internal Investigations or at the office of the police unit in which the incident allegedly occurred, as designated by the investigating officer or agency.
 - (c) The law enforcement officer under investigation shall be informed of the rank, name and command of the officer in charge of the investigation, the interrogating officer and all persons present during the interrogation or interview. All questions directed to the officer under interrogation or interview shall be asked by and through one (1) interrogator during any one investigative interrogation, unless specifically waived by the officer under investigation.
 - (d) The law enforcement officer under investigation shall be informed of the nature of the investigation prior to any interrogation or interview and shall be informed of the name of all complainants. Should the charges not be substantiated the aggrieved officer will be informed in writing by the Chief of Police or his designee.
 - (e) Interrogating sessions or interviews shall be for reasonable periods and shall be timed to allow for such personal necessities and rest periods as are reasonably necessary.
 - (f) The law enforcement officer under interrogation or interview shall not be subjected to offensive language or threatened with transfer, dismissal, or disciplinary action. No promise or reward shall be made as an inducement to answer any questions.
 - (g) The entire interrogation or interview of a law enforcement officer by the Internal Investigation Section, including the times of all recess periods, shall be *recorded and there shall be no unrecorded questions or statements.

- (h) If the law enforcement officer under interrogation or interview is under arrest, or is likely to be placed under arrest as a result of the interrogation or interview, he shall be completely informed of all rights, prior to the commencement of the interrogation or interview.
- (i) At the request of any law enforcement officer under investigation, he shall have the right to be represented by counsel or any other representative of his choice who shall be present at all times during such interrogation or interview whenever the interrogation or interview relates to the officer's continued fitness for law enforcement duty or employment.
- (j) No law enforcement officer shall be discharged; disciplined; demoted; denied promotion, transfer, or reassignment; or otherwise discriminated against in regard to his or her employment or appointment, or be threatened with any such treatment, by reason of his or her exercise of the rights granted by this part.
- (k) A complaint filed against a law enforcement officer with a law enforcement agency and all information obtained pursuant to the investigation by the agency of such complaint shall be confidential and exempt from the provisions of s. 119.07(1) until the investigation ceases to be active, or until the agency head or the agency head's designee provides written notice to the officer who is the subject of the complaint, either personally or by mail, that the agency has either: (1) Concluded the investigation with a finding not to proceed with disciplinary action or to file charges; or (2) Concluded the investigation with a finding to proceed with disciplinary action or to file charges.
- (l) The officer who is the subject of the complaint may review the complaint and all statements regardless of form made by the complainant and witnesses immediately prior to the beginning of the investigative interview. If a witness to a complaint is incarcerated in a correctional facility and may be under the supervision of, or have contact with, the officer under investigation, only the names and written statements of the complainant and non-incarcerated witnesses may be reviewed by the officer under investigation immediately prior to the beginning of the investigative interview.

** Recorded shall mean any one or more of the following: taking of statement by audio tape recorder or by a court stenographer. Under no circumstances shall this Article conflict with the requirements of State law*

ARTICLE 10 - OFFICIAL DUTIES

No employee shall refuse to perform any official police act as ordered by a supervisor or required by State, County or Municipal law. No employee shall be required to perform any act or function which is outside the scope of a police officer's function or not generally considered to be a bona fide police function. The duty of a police officer shall be as presently set forth or as amended in the rules and regulations of the City of Fernandina Beach, Florida, and/or the Fernandina Beach Police Department Policy Manual.

ARTICLE 11 – LIABILITY

No employee shall be held liable financially for any equipment which is lost, stolen, damaged, destroyed, or otherwise rendered unusable unless the employee exhibited extreme negligence or malicious intent, with each instance of extreme negligence or malicious intent being decided on its own merit. While officers can still be disciplined for the negligent or malicious destruction of equipment, up to and including termination, no officer shall be financially responsible for damage to a vehicle or equipment contained in the vehicle caused by the negligent or extreme negligent operation of a motor vehicle.

ARTICLE 12 - SAFETY AND HEALTH

- 12.1 No employee shall be required to operate a vehicle which is demonstrably shown to be defective or unsafe. Each marked police car shall be equipped with the necessary equipment to permit the employee to perform his/her duties. Such equipment may include, but not be limited to, emergency lights, sirens, long gun and case or rack, and rear seat prisoner cage. Every reasonable effort will be made to ensure each marked police car has a working MDT and In Car Video System.
- 12.2 Because the City and the Union are committed to providing a safe and healthy workplace, a Safety Committee made up of management and labor exists in an advisory capacity. The Safety Committee recommends improvements to workplace safety and health and identifies corrective measures needed to minimize safety and health hazards. A police officer will serve on the Safety Committee as a representative of the CFPBA bargaining unit and attend regular monthly meetings.
- 12.3 Each bargaining unit member may annually choose to have a comprehensive medical evaluation equivalent to that provided to the members of the Fernandina Beach Fire Department at the employee's own expense. After providing proof to the city that an employee paid for and completed a comprehensive medical exam, the City shall reimburse the employee two-hundred dollars (\$200.00) of the cost of the exam. Employees shall be offered the opportunity to obtain the medical evaluation while on-duty.

ARTICLE 13 - WORKWEEK

- 13.1 The work period for employees shall be fourteen (14) consecutive days and the regular work schedule during that period shall consist of eighty-four (84) hours. If calls for service permit, employees may take a one (1) hour meal break which shall be included as hours worked, however employees shall monitor their communications device(s) in the event that they are required to respond to provide police services.
- 13.2 Employees may attend training classes as approved and determined as necessary through the Department. Hours spent attending an approved training class will be counted as hours worked and the employee's schedule will be adjusted so that he/she works eighty-four (84) hours within the fourteen (14) day work schedule. If staffing levels prohibit the adjustment of hours, employees will be compensated for training time attended as agreed upon in Article 14, Section 1 (14.1).
- 13.3 As required by assignment, employees may be required to report five (5) minutes early for assignment and orientation.
- 13.4 As the primary schedule, detectives assigned to the investigative function, will be assigned to work a 10.5-hour day, either Monday to Thursday or Tuesday to Friday.

ARTICLE 14 - HOURS OF WORK; OVERTIME; COMPENSATORY TIME

- 14.1 Any time worked in excess of eighty four (84) hours in a scheduled work cycle of fourteen (14) days shall be compensated at the rate of one and one-half (1½) times the employee's normal hourly rate of pay. Such overtime compensation will be in the form of pay unless compensatory time is requested in writing by the employee. Overtime shall be paid bi-weekly based on the actual total work cycle hours. Approval of overtime and/or requests for compensatory time will be in accordance with departmental policy. Personnel schedules shall not be altered solely to avoid overtime pay, unless the employee affected has at least twenty-four (24) hours' notice of the shift change.

For the purposes of computing overtime, Annual Leave, Personal Time Off, Sick Leave or taking a Holiday off will not be considered hours worked. Compensatory Leave shall be considered as hours worked.

- 14.2 Employees required to attend court or another official proceeding as a result of their official duties during off duty hours, shall be compensated at the rate of one and one-half (1&1/2) times their normal rate of pay or if requested the equivalent amount of compensatory time. Employee's will be compensated a minimum of three (3) hours for each appearance within a single day as long as multiple appearances are three

hours or more apart. For multiple appearances that are less than three hours apart the calculation of time will start with the first appearance and end with the completion of the last appearance. If the aggregate time of the multiple appearances is less than three (3) hours, the employee shall receive a three (3) hour minimum. Employees assigned to the day shift will agree to make every reasonable effort to obtain warrants, file felony cases or initiate any other court related functions while on duty, as staffing levels permit. If circumstances prohibit completing these tasks while on duty, prior approval for overtime must be obtained as established by Department policy.

- 14.3 An employee may elect to receive compensatory leave time in lieu of pay, where applicable in this Agreement, up to a maximum accumulation of two hundred (200) hours. The Chief of the Department or his/her designee will notify employees who obtain a compensatory leave balance of in excess of one hundred and seventy six (176) hours and request that the employee take sufficient leave to reduce their compensatory leave account below one hundred and seventy six (176) hours. If sufficient compensatory leave is not scheduled by the employee, the Chief of the Department or his/her designee may require the employee to take compensatory leave in increments equal to a regular work day to reduce the employee's compensatory leave balance below one hundred and seventy six (176) hours. Such notice of required leave will be made at least five (5) days in advance. If for reasons beyond the control of the Chief of the Department or the employee cause the employee's compensatory leave balance to exceed two hundred (200) hours, all hours in excess of the maximum shall be in the form of pay. An employee wishing to take compensatory leave time shall request such through his/her supervisor. The supervisor shall approve any such request as long as minimum staffing levels are met. An employee separating from the Department on a voluntary or involuntary basis shall receive lump sum payment for accumulated compensatory time.

Employees may elect to sell back up to seventy-five (75) hours of compensatory time each year. Request for sell back must be made during the month of November and will be based on their compensatory leave balance as of October 31st of the year of the sell back. Payout will be made on the pay period before Christmas of that year.

- 14.4 Qualified Field Training Officers holding the rank of police officer or police corporal will be selected by the Chief of the Department or his/her designee to train new police officers. Each Field Training Officer's performance and current training will be reviewed annually. Officers are expected to maintain current educational and training standards that qualify them to be a Field Training Officer. For each work hour that a Field Training Officer is assigned to train a new police officer, the Field Training Officer shall be compensated ten percent (10%) above their base pay. If a qualified police officer is available to perform Field Training duties, then the police officer will be assigned over a police corporal.

A Field Training Coordinator holding the rank of Police Corporal or Police Sergeant will be selected by the Chief of the Department. The Field Training Coordinator will assign recruits to Field Training Officers, coordinate all Field Training documentation and liaison with the Chief of Police concerning Field Training issues. The Field Training Coordinator will also be expected to maintain current educational and training standards of a Field Training Officer. The Field Training Coordinator will be compensated an additional five percent (5%) annually of his/her base salary.

- 14.5 Any employee whose primary shift assignment starts at or after 1400 will receive an additional two (2%) differential pay above their normal base salary. Primary shift in this section applies to employees who have a regularly scheduled shift that starts at or after 1400 and not an occasional shift adjustment or the occasion of working overtime on another shift.

ARTICLE 15 - RECALL, STANDBY AND ON-CALL TIME

- 15.1 Any employee who is required to report back to work or perform any official police related function that requires travel to a specific location after having completed his normal tour of duty and after having left work for at least one (1) hour or prior to one (1) hour before starting his normal tour of duty, shall be paid at the rate of one and one-half (1 ½) times his normal hourly rate of pay or compensatory time for the actual time spent performing such function. Such compensation shall not be less than three (3) hours, unless the employee is ordered to report back to work to complete police related functions that should have been completed prior to leaving work at the end of their shift.
- 15.2 Any Officer who is scheduled by or called in by a Bureau Commander or his/her designee to work during their regularly scheduled time off to fill a patrol officer vacancy shall be considered to be in a Call Back status and be compensated at one and one half (1 1/2) the rate of pay for the hours worked.

This article shall not apply an employee who stays over their normal shift hours to complete a previously assigned call for service. In such instances the employee will be covered by Article 14.1 of this agreement.

- 15.3 An emergency standby assignment is made when an employee is notified by a supervisor or designee that they must be ready to be called to work in an urgent situation during their off-duty time. The employee will then be required to remain available via telephone and be available to report to duty within one (1) hour when notified. If an employee has not been contacted within six (6) hours after being placed on emergency standby, that employee will no longer be obligated to be prepared to report for duty. For each hour an employee is in an emergency standby status they will be compensated at the rate of one half (½) of their normal pay.

Once an employee on an emergency standby status is contacted and ordered to report for duty, that employee will be considered in a Call Back status and compensated at a rate of time and one half (1 ½) from that point forward and for each hour worked.

If “non-essential” or “non-critical” City employees are ordered not to report to work due to some level of emergency or weather related incident, then those employees required to work their regular schedule will be compensated at time and one half for each hour worked. Employees also have the option of earning compensatory leave time in lieu of cash overtime.

- 15.4 Detectives are required to serve on-call as follows: An on-call schedule will be posted at the first of each month, indicating the week which that detective will be on call. Each detective will have access to said schedule. It will be the responsibility of the supervisor of the Detective Division or his appointee to ensure this is accomplished.
Detective

While a detective is on-call, he/she will remain in contact with police headquarters via telephone or radio.

Detectives on-call will arrive at the assigned location no later than one (1) hour after notification. Actual distance restraints are the discretion of the detective as to allow for the one (1) hour response. When practical, the detective will arrive at the scene as soon as possible, with one (1) hour being the maximum allowable response time.

If the detective cannot respond within the one (1) hour response time, he is to notify the head of the Detective Division, prior to being called, who will make every effort to reassign the on-call status to another detective or fill this requirement himself. It is understood that this accommodation will not be abused by the detectives.

Detectives will not allow themselves to become impaired while on-call status is in effect for them. This is not limited to alcohol, but also prescription medication. If the use of prescription medication is unavoidable, and the detective feels his faculties have or will be impaired, he is to contact his immediate supervisor, or assistant supervisor.

If a detective will be out of response range, or out of contact, during his/her on-call time, the detective will contact his/her immediate supervisor, or failing this, the assistant supervisor. It will be the responsibility of the on-call detective to make these arrangements, and to notify police dispatch of the change.

Detectives are encouraged to adhere to the normal dress code in effect for investigators when called out, but this is many times impractical. However, no shorts, tank tops, or bathing apparel will be worn to a call-out, or other clothing items which would obviously bring discredit or embarrassment to the Department.

A detective placed in an on-call status will be paid for two (2) hours at the rate of time and one-half (1 ½) their established rate of pay each day for the week in which the employee is on-call. The two (2) hours will cover the first physical response to a location within a 24 hour on call period. If the first response takes longer than two (2) hours then the total hours will be paid at the overtime rate.

Subsequent call outs within a 24 hour on call period will be considered as "call back" and compensated at a rate of time and one half (1 ½) with a three (3) hour minimum.

Issues handled over the telephone, radio, computer or other such device that do not require a physical response will be conducted in consideration for the two (2) hours of on call pay that is received for being in an on call status. However, if the two hours is used on a physical call out, then time spent addressing such issues electronically will be credited as compensatory time.

ARTICLE 16 - LEAVES

16.1 Holidays:

(a) The following days shall be considered to be holidays, entitling employees to have the day off with pay or if required to work, in addition to the regular holiday pay the employee shall be compensated at the rate of one and one-half (1 1/2) times his normal hourly wage for the hours worked, except that this compensation will be at double (two times) his or her normal rate for Christmas Day only. Compensatory time in lieu of holiday pay may be granted if mutually agreed upon by the employee and the Chief of the Department. If a holiday falls on an employee's assigned day off he shall receive twelve (12) hours (or the number of hours as consistent with the work schedule for the job) pay or compensatory time at his normal hourly rate of pay. If a holiday falls during an employee's vacation, he/she will not be charged any leave time for that day and paid for the normal shift as holiday pay.

Any employee having a FMLA qualifying event can choose to start on FMLA or use sick time (if applicable); they do not have to run congruent.
- (b) The City, at its discretion, may require an employee, who has missed three or more consecutive workdays, to present a doctor's certificate stating that the employee was unable to work before sick leave pay will be allowed. An employee who is temporarily disabled shall still be considered an active duty employee for purposes of benefits other than compensation, promotion, sick leave or vacation.

During the twenty-sixth (26) week, or as soon thereafter as practical, the employee shall be medically examined to determine whether he or she has reached maximum medical improvement. If the employee has reached maximum medical improvement, his or her right to compensation shall be governed by the Workers' Compensation Law, the employees' disability/pension rights, and other benefits to which the employee may be entitled under this contract.
- (b) If the employee has not reached maximum medical improvement, the employee shall be medically examined to determine whether the employee's injury is of a nature which prevents their return to duty as a police officer.
- (c) If the injury is medically determined not to be of the nature that would prevent the injured employee's return to duty; the employee should be carried at the level provided above and re-evaluated medically at thirty-nine (39) weeks and fifty-two (52) weeks. The City shall have the right to determine whether or not an employee should be carried in the above status for more than fifty-two (52) weeks.
- (d) The City shall not abridge the right of an employee to meet with the Employee Safety Committee or City Pension Board.
- (e) If a former employee who has been disabled is subsequently able to return to full active duty, that former employee, if currently qualified as a law enforcement officer, will be reinstated when a vacancy occurs at a pay grade equivalent to the pay grade that the employee had obtained when

medically retired. If the former employee is not currently certified, he or she will be allowed six (6) months to meet current certification requirements.

(f) Employees will not be allowed to stack benefits under this Article.
